See you at the Races!!!!!!!

## QSAC West 2006

Great to hear from and See Diana, we have a article from her this time but Diana you didn't mention the blue splash.

Club races every fourth Saturday at the Rialto Airport Speedway.

Northwest Nationals are coming up over the July 4th weekend with a bonus race on Sunday with the NorthWestern series. Sounds like a good weekend to me. Remember the event is being held at the Motor Fest and is a great family weekend, I've been to a lot of these and have always had a great time, and almost everyone who has made one, does another.

Plan on making the drive.

I have been using recorded music over the PA and Radio during the Race day and have been accused by some of the racers of playing "Elevator Music" well I am making up a playlist for just the race track and need suggestions and music and ?? So let me know what you want on it, or cut me a CD or Bring one to the Track and I will input it. (well

Hello everyone, the last points race was at Rialto in early March. The weekend got off to a rather wet start but ended up being just fine. The car count was 37, with several of our regular racers still MIA. Hope to see some of these racers back soon. If you know any of the MIA racers give them a call and try to get them back out again.

The computer and scoring system worked out fine with no real problems to speak of, even with Larry Cross and myself running it.

I would like to thank Larry for bringing out his scale and Jim Dooley for bringing out his height gauge for us to use.

Diane, again allowed us to use her to score the races on Sunday and take a load off of Larry and myself...Thank You Diane, and thank you, to all who helped out with the announcing. The races appear to be going fairly well, however we should all try to continue to work towards making our driving just a little bit cleaner and this will make for better races. This will help us get other people interested and allow our group to grow so that we can continue to race.

Something for everyone to think about is, what you think of the race program and format and what you would like to see considered next year for our 2007 season.

In the next newsletter the board hopes to have a questionnaire and suggestion page to gain feedback from everyone about next year.

There was a couple of people with concerns about legal restrictor plates. In the future Lance, Robin and myself will have current restrictor plates for sale.

The next points race is scheduled for April 8-9th, in Boulder City, hope to see everyone there.

The May points Race will be in Phoenix, on May 6-7th.

As everyone knows there are no points races scheduled in June, July and August.

There will be the annual Northwest Nationals in Boise, Idaho on June 30th thru July 1st.

Also there will be the annual Hot August Nights race in Boulder on Aug, 11-12th .

Make your reservations early and hope to see everyone at the races, and good luck...

Tony Evans

## WE'RE OFF TO A NEW START

By Diana Weller Ellwood

We have started our season on a new track in Arizona. It is always fun to start racing on a new track. We want to **thank Robin Young, Tony Evans, Mike Fleek, Jim Silvay and many others** who worked on the Arizona track. The track is approximately 390 feet of bumping and grinding action. We did not have one of the cords we needed for scoring so both days of racing were hand scored. I helped out on Sunday with the mains and want to give a **GIANT THANK YOU to Steve Mylar** for doing a GREAT job at calling out numbers to me as well as many others who helped out. I personally want to thank **Tony Evans, Robin Young, Larry Cross and Jim Silvay** for making the effort to learn scoring and taking on those responsibilities. They are doing a fabulous job, so please don't forget to thank them.

This year may prove to have some **challenges**. **1**-New scorers, they are doing well so this may not be a big challenge. **2-Shannon Flores**, AKA Minnie Me, (Rudy Flores daughter) is now driving. This poses obvious problems, and many sleepless nights for mom and dad. **3**-Tammy Hart is no longer coming to ever race with Hubby Dave Hart. **Dave and Steve Mylar** are bunking in Dave's motor home. Tammy I just want you to know there is only so much chaperoning I can do these days. As an example; we arrived in Arizona on Friday. Friday night several people went **out to dinner**. We were invited but my hubby has a new car and needed some extra time to put it together for racing the next day so we did not go. We did not hear Dave and Steve come in, but the next morning Steve was at our door looking for a gallon of coffee and Dave also had a full set of **samsonite below his eyes**. Dave asked me later on that morning, **did I hear anything last night**. When I inquired about what I might have heard Dave says, "Well, you know we met the Andrews (Dennis and Denny) and some others for dinner last night and we got in around 1:00 am. Steve got into the bunk above the drivers cab and went right to sleep". Apparently at about **3:00 am**, **Steve** decided he needed to drain the lizard, but forgot, (or was in an alcohol induced fog) that he was in the **upper bunk**. As Steve put it "watch out for that first step". Yes Steve fell out of the bunk. Well when Steve fell out of the bunk Dave jumped up and thought the **propane tanks had exploded**. Dave was reaching for the fire extinguisher when he noticed this blob of human flesh on the floor. Needless to say Dave could not get back to sleep because he **could not stop laughing**. We were also worried about **John Ferguson**. They started the heats and John Ferguson was no where in sight. Finally about 11:00 am Mr. Ferguson decides to join us. When he got to the track he kept asking "**where am I?**" "Is it time to go to work yet?" I said oh don't worry about John he went out to dinner last night with the Andrews. I don't know for sure, but after seeing the condition these guys were in, I'm thinking we can check off another restaurant. We're off to another start, shaky, but a start.

### **Congratulations to the winners:**

**Arizona Race: Novice**-Jim Davey, **Open Wheel**-Tony Neisinger, **Sportsman**-Dennis Andrews, **Truck**-Dennis Andrews and **Grand National**-Tony Neisinger.

**Rialto Race: Novice**-Matt Sloan, **Open Wheel**-Bob Bates, Jr., **Sportsman**-Dennis Andrews, **Truck**-Dennis Andrews and **Grand National**-Jim Silvay.

Before I sign off I want say we are very happy to hear that **Robin Young's daughter** is out of the hospital and doing very well. Our future little quarterscaler had a respiratory problem but is now at home recovering.

I would love to write more, but I have to check out the internet for restaurants. Hopefully I can find some restaurants that do not have wanted posters of our club members, some unsuspecting places that are hunger for a dollar and will serve anyone. I hope to have a list at our next race in April.

Later.
