Hello everyone,

We are at the mid-point of the racing year, with 3 points races left and at least 5 drivers in every class still able to win the points championship.

So far this year the number of racers that have made the first three races are Rialto-37 entries, Phoenix-38 entries, Boulder City-39 entries.

The next upcoming races are Hot August nights at Boulder City, on the weekend of Aug. 10th and 11th. With the next points race at Riverside, Ca. on the weekend of Aug. 25th and 26th.

The planning of the final race and awards ceremony are being put together, and will happen as a single day race in Boulder City as it has the last few years.

Yes, we are giving out awards and several traveling trophies/awards as usual. This will be at the track after the races and will be a BBQ, with the cost and menu to still be determined. The cost will be less expensive than the banquets in recent years.

The election of 2 new board members is coming up very quickly and if you want to nominate someone let Tom Hughes know so he can get them on the ballot.

Now is the time to start thinking about what changes you would like to see next year and start letting the returning board members know your thoughts.

Congratulations to the Main event winners from the last race in Boulder City. They were: Novice, Daniel Schoeb, Open Wheel, Bob Bates jr, Sportsman, Lance Cote, Truck, Jim Silvay, GN, Tony Evans.

At the next points race in Riverside we will be back to our regular schedule, that we have been using for all of our points races.

Hope to see everyone at the races.....Tony Evans

Hi All:

I haven't submitted anything for the the newsletter over the last couple of month's but I have become increasingly concerned about the direction of QSAC West in regards to the following:

(1) The lack of new participates in the sport. (2) The decline in participation amongst existing racers (David and I enjoy this sport immensely but there is going to have to be some things done to make this sport grow). I am asking for the memberships help by way of suggestions on how to promote the sport. (3) Help from the track operators; we definitely need opportunity and availability of locations to race and as racers we need to promote and support these events.

Realizing how expensive this sport is, we also need to figure out and share ideas on how to make the sport more affordable. (There is a link on the QSAC West website where members can share ideas, suggestions, items for sale etc. Anything you want to discuss!! I encourage everyone to start participating in this forum.)

It's also time to be thinking about new board members for 2008. I can tell you after working with the current board the last few months that there are some very hard working, dedicated individuals who may not be returning and will be missed.

As my own personal opinion; I would like to see more points races next year and the return of throw-outs. What I mean is: I don't want to see throw-outs used to boycott the tracks.

I want to see more points races because I think the attendance is better and everyone benefits. And, the throw-out system gives more people the opportunity to win the points series. I would also like to see the (3) tracks develop their own, local points series for those people who don't wish to travel. This would give them the opportunity to shoot for something locally. Again, these are only my own personal opinions but I assure you, I will only support what the majority of the membership wants.

Recently, I received an email from Russ Poole. He will be having shoulder surgery on the 8th of August. Hopefully, he will be back in action for the next points race. I'm going to write a note to his doctor stating that quarterscale is great rehab!! (just kidding!!) but, I'll carry his car from his trailer to the track!!

Political Correctness Defined

Editor: Following is the winning entry from an annual contest calling for the most appropriate definition of a contemporary term. This year's term: Political Correctness. And the winner is:

"Political Correctness is a doctrine fostered by a delusional, illogical minority, and rabidly promoted by an unscrupulous mainstream media, which holds forth the proposition that it is entirely possible to pick up a turd by the clean end."

The Art Thief

A thief in Paris planned to steal some paintings from the Louvre museum.

After careful planning, he got past security, stole the paintings and made it safely to his van.

However, he was captured only two blocks away when his van ran out of gas.

When asked how he could mastermind such a crime and then make such an obvious error, the art thief replied, "Monsieur, that is the reason I stole the paintings. I had no Monet to buy Degas to make the Van Gogh."

Editor: And you thought I didn't have De Gaulle to post this. Well, I figure I have nothing Toulouse. Hehehe!
